Community and Economic Planner Report 5/11/2021

-Aly Grady, our state Economic Development representative was in town last week. Mayor-Elect Downs and I gave her a tour and discussed matching state grants with our needs. I sent her the strategic plan and I will follow up with her next week.

-Rivers and Routes will be here on Thursday for a similar tour. They will be meeting with Atlas and Hardcore, as well as getting a tour of the Rooster followed by lunch.

-Further, I want to really emphasize and encourage people to follow our Head to Hillsboro social media. This is our official tourism arm, run by the city, the Chamber and Imagine. Kaitlyn and I have formed a fantastic group of people who are really driving our content on social media. Rachel Beckett is chairing the group and doing a fantastic job.

-Just a reminder that I will be taking the University of Georgia's grant writing classes and will most likely be out of pocket for most of that time, as I will be taking 24 credit hours in the space of a week. This will most likely also include some night work.

-Work on the Economic Plan continues and I hope to be submitting it to you next week for you to approve at the May 25th meeting. I will be submitting the rough draft for approval and permission to ask Nancy Slepicka to do graphic design work.

Respectfully Submitted,

Jonathan Weyer
Community and Economic Planner.
